Scoring

Performances will be submitted and totaled using IAAF points per each discipline.

Athletes can submit performances from any standard event or distance and are not restricted to just one specialty.

Age 40+ athletes will convert their open equivalent performance and will then use that mark for the IAAF points conversion. <https://caltaf.com/pointscalculator.html>
i.e.: Female Age 63 - 100 meters 14.32 =90.01%- 11.71 open equivalent 1,049 points.

Email performances to: masterstfgp@gmail.com

Include Full name, Age at time of performance, membership number and club affiliation if any, Date of performances, Event name and Location, performance or mark, age-graded mark and IAAF points- and a link to results if available.

Total points per age group will determine winner.

In the *rare* case of a tie - example: Women's 40-44 (3,500 to 3,500 points) - the athlete that competed in the most **USATF Pacific Grand Prix Circuit Meets** will be determined as the winner.

If an equal amount of Grand Prix meets were participated in, head to head competition results will be used to determine winner.

If both athletes had similar win/loss records, then the final factor will be the oldest competitor based on birth date for ages 30+ .
